**Terms and Conditions:** As an Associate Member of the Code, you certify that you meet the laboratory definition in Section 5.8.1 of the Code and that you are committing to ensure that diamonds represented as Canadian are authenticated to protect consumers against deceptive practices that may erode their confidence and at the same time ensure compliance with the Competition Act. A Code Associate Member found in non-compliance with this Code will be removed as a Code member from the List of Code Associate Members. In Canada, failure to authenticate diamonds represented as Canadian may lead to an investigation by the Competition Bureau and subsequent enforcement action pursued under the false or misleading representations provisions of the Canadian Competition Act.
